

# PILOT ARMOR

ARMORED ROBOTIC MECHATRONICS ORGANIC ROBOT

BY ALAN A VENTURA

WE ARE HUNDREDS OF YEARS INTO THE FUTURE OF AN ALTERNATE UNIVERSE WHERE THE KINGDOM OF HAWAII HAS BEEN REESTABLISHED. HUGE PRIVATE CORPORATIONS CONTROL THE GOVERNMENT AND PILOTED MECHS ARE USED FOR ALL SORTS OF OCCUPATIONS.

BASTIAN FINGARO DOES DELIVERY WORK, COOKS AT A RAMEN NOODLE HOUSE AND HOLDS DOWN A JOB AS A PART-TIME MECHANICAL ROBOTICS TECHNICIAN ASSISTANT. HE'S HUSTLING TO FUEL HIS OBSESSION WITH BUILDING THE ULTIMATE CUSTOMIZED ARMOR MECHA. BUT HE STILL NEEDS TO OBTAIN A MECH TO BUILD ON, THE PERMITS TO DO IT, AND GET HIS PILOT'S LICENSE! HE'S BEEN PLANNING HIS UPGRADES AND TRAINING VIA VR SIMULATION, IT'S ABOUT TIME TO DO SOME REAL PILOTING.
